Employee + Children	\$345.44	\$436.34	<input type="checkbox"/>
DECLINE: If you wish to decline the medical plans, please check this box.			<input type="checkbox"/>

*The Economy Medical Plan is compatible with a Health Savings Account (HSA). An HSA is an account owned by the employee. Employees can make pre-tax payroll contributions and pay for qualified medical expenses tax-free. The contributions made to this account are funds that can be kept year after year even if there is a change in employment. Health Equity is the partner company to BCBS for these accounts. If you elect the Economy Plan, an HSA account is automatically created for you; however, it is your decision whether to contribute to it or not. YVEDDI is contributing \$84.27 per pay period for 24 week deductions, and \$106.44 per pay period for 19 week deductions. The 2024 maximum contribution set by the IRS is \$4,150 if employee only coverage is elected. If employee/child(ren) coverage is elected, then the maximum contribution is \$8,300.

If you wish to contribute additional money to your HSA account through payroll deduction, enter amount here. \$ _____
